

Press release

Amsterdam, 21 June 2010

Exclusive partnerships

Superyacht Auctions has concluded exclusive partnerships in Germany, Belgium and Greece. These European partners have been selected because of their long-term experience in the superyacht industry. They will be active as independent, exclusive commercial agents for Superyacht Auctions, both in their own country and worldwide.

New: Sale by tender

A new service is the option of tender sales of superyachts for selected parties who have been invited to make a discreet offer by means of a sealed bid.

Superyacht Auctions

These and other new initiatives are brought to you by Superyacht Auctions. This concept is intended as an alternative resource for traditional brokerage houses, not as a competitor. Superyacht Auctions gives brokers and other sellers in the superyacht industry new opportunities to generate no-stress and especially fast sales.

Professional auctioneers

Superyacht Auctions is a Chartered Ships & Yachts Auctioneer (qualification issued by the Dutch Federation of Authorised Valuers/Appraisers, Brokers and Auctioneers of Moveable Goods) and sponsor of Dutch Association of S+P Ship- and Yacht Brokers.
